## 1. SCAM ALERT: Fake Party Invitation Emails

A phishing scam is circulating using **fake party invitations** that appear to come from services like *Greetings Island, Punchbowl, or Evite*. Some emails are sent from **hacked accounts**, making them look legitimate. A current example in Sun City appears as an invitation from **a well know resident** inviting them to a **“Joyful Gathering on May 9.”** The message lists **multiple resident names and email addresses** and asks recipients to click an **“invitation” link** for details.

**THIS IS A SCAM AND SHOULD BE DELETED IMMEDIATELY.** Clicking link may:

- Install **malware or remote-access software**
- Direct you to a **fake login page** that steals credentials
- Allow scammers access to your **computer and personal information**
- Do **not** click the link or open attachments.

## 2. ONLINE SAFETY REMINDER

To stay safe:

- **Never open unsolicited emails or texts**
- Do not click unexpected links or attachments
- Verify unusual messages, even if they appear to come from someone you know
- When in doubt—**delete it**

## 3. TRAFFIC ALERT: New Stop Signs

**New stop signs** are now installed at **Highway 193 and Oak Tree Lane** as construction continues.

Drivers should slow down, be prepared to stop, and follow all posted traffic controls.

## 4. FIRE SAFETY ALERT: Lithium-Ion Battery Warning

Lincoln Firefighters recently responded to a **house fire caused by a lithium-ion battery** stored in a closet. The battery ignited without warning.

### Battery Safety Tips

- Store batteries in a **cool, dry, open area**
- Avoid storing batteries in **closets or cluttered spaces**
- Do not use or charge **damaged batteries**
- Buy **UL-listed products** from reputable manufacturers

Lithium-ion battery fires produce **extreme heat and toxic smoke**.

If a battery smokes, swells, or overheats, **move away immediately and call 911**.
