During days of hot weather, it is tempting to leave windows and/or a sliding door open to cool our homes at night. Neighborhood Watch and NeighborsInDeed have strongly recommended that windows or doors left open **MUST** have a PVC pipe or a strong dowel in their track that prevents the door or window from opening more than 4 inches. [NeighborsInDeed.org](https://www.neighborsindeed.org/) has a helpful flyer, **Home Security Suggestions**.

We do live in a relatively safe community but from time to time there are opportunists who go through our villages looking for easy targets. These individuals may be on foot, bicycle or in a vehicle. They may be male or female. Always be alert and aware. **Immediately** report any suspicious person(s) or vehicles to the police. Emergency 911, Non-Emergency 916-645-4040

Report an incident or suspicious person(s) to Lincoln Police **first**, then notify Neighborhood Watch. The **victim** must make the **police** report.

A **mailbox captain or neighbor** can make the **Neighborhood Watch report**. The important thing is to get the victim's contact information for first-hand information.
