

All public safety agencies in Placer, Sacramento, and Yolo counties have partnered to have a state of the art community notification system to alert residents about emergency events and other important public safety information. It enables us to provide you with critical information quickly in a variety of situations, such as severe weather, unexpected road closures, missing persons and evacuations of buildings or neighborhoods. It assists public safety officials in protecting lives and property by providing critical information to residents during emergencies and dangerous situations.

To receive notifications, go to [Placer-Alert.org](https://Placer-Alert.org) and sign up for alerts.
