Sun City Lincoln Hills Neighborhood Watch

Don’t forget to FALL BACK

Daylight Savings Time ends Sunday

Set your clocks back one hour on Saturday night, October 31.
Daylight Saving Time ends Sunday, November 1, 2026 at 2 a.m.

Does your house number sign still light up?

- If it doesn’t, call Neighbors InDeed for repair or replacement at (916) 223-2763
- Learn more at neighborsindeed.org

Does your street light work?

If not, report it to the Association’s maintenance team.
PLEASE INCLUDE:

- the pole number from the white plate on the pole (a photo of the plate works)
- the street name and the house number nearest the pole

Call (916) 645-4500 or email Erik.Rosales@sclhca.com

A lit address sign and a working street light help emergency responders find the right house — and help your neighbors spot anything out of place.
