

FOR THE LOVE OF PETS – WE NEED YOU!

If you've ever had a PET WANDER OFF, you know the panic, the sense of helplessness, that "WHAT DO I DO?" moment!

Neighborhood Watch LOST PET ALERTS TEAM

Understands and are ready and willing to help!

When a team member receives a phone call, a detailed "Lost Pet Alert" is emailed to the surrounding neighborhoods. Team Members strive to reunite Lost or Found Pets with their owners as soon as possible. Our success rate is 98% for dogs, although we reunite cats, tortoises, and birds.

- "Lost Pet Alert" may take up to 15 minutes to draft/send.
- Team Members need a mobile phone and email ability.
- Calls from resident's average one or two a week.
- All can be done from home or anywhere email is available

Help ease the panic of a lost pet and experience the joy in reuniting a pet and owner. Neighborhood Watch "Neighbors Helping Neighbors" is more than a catch phrase—it's our Mission.
