VIAL OF LIFE

<https://sclhwatch.org/documents/Vial of Life Instructions.pdf>

WHAT IS THE VIAL OF LIFE PROGRAM?

The Vial of Life is a medical history document that provides crucial personal and medical history in case of an emergency. The documents provide paramedics and firefighters with crucial personal and medical information that will speak for you if you are unable to communicate or you do not have a representative in the event of an emergency.

NOTE: *The Vial of Life will only work if the information is accurate and complete and updated as changes occur.*

HOW DO I USE THE VIAL OF LIFE?

There are five easy steps to using the Vial of Life.

1. Download [document here](#) and save to your computer or print and complete.
2. Fill out the information completely; making sure it is current and legible.
3. Fold and roll the completed information form and place it in the plastic vial or a baggie. (If you have a “Do Not Resuscitate” (DNR) form, be sure to attach a copy.)
4. Place a Vial of Life sticker on your front door.
5. Place the vial or baggie containing your medical information on the top shelf of your refrigerator door.

 **Vial of Life** ... will speak FOR you when you are unable to speak

What information should be in the Vial of life?

First Responders will look for the Vial of Life on the top shelf of the refrigerator door and ask;

- * Do you have any medical conditions?
- * Are you taking any medications or supplements?
- * Do you have any allergies?
- * Which hospital should they take you to?
- * Who should they contact?
- * What is your doctor's name and phone number?
- * Who is your insurance contact?
- * If you have pets - who will care for them?

In stressful situations common things may be difficult to remember, so please plan ahead and complete your Vial of Life form today - It only takes a few minutes and could save precious time in an emergency.
