

Neighborhood Watch Virtual Meetings

GoToMeeting for Neighborhood Watch

- Neighborhood Watch uses the GoToMeeting application to hold virtual meetings.
- It is very similar to Zoom but requires a separate download of the application.

Mac or PC or Tablet

- GoToMeeting works on any computer or tablet
- You can use a smartphone browser to connect but it is not easy to view attendees.
- You can also connect with a smartphone by phoning in. You will only get audio this way.

Sound and Camera

- Once you have entered the meeting, select the Mute and Camera buttons on the bottom of the screen to turn on your microphone and camera.
- Adjust your screen so that your face shows.
- Adjust your computer volume if people cannot hear you.

Other Adjustments

1. If you want to see all attendees, select View Everyone at the top of the screen.
2. To adjust audio output, select Audio at the top of the screen.
3. If you cannot see faces, check your webcam set up at the top of the screen

4. GoToMeeting does not have a Raise your Hand feature. If you wish to speak, please raise your hand on the screen and the moderator will recognize you.
